DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. **Claims 1-3, 8 and 9** are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

With regard to claim 1, "a list of said plurality of gateways is stored in the by-pass network..." is not supported by the original disclosure; This is new matter.

The original claim 7 filed with the application is dependent on claim 6 and recites "an updated list of gateways in the by-pass network..." When read together with the original claim 6, the updated list of gateways in the by-pass network in the original claim 7 is stored in the intelligent network node, as recited in the specification p.7, ln. 29-30. However, "a list of said plurality of gateways is stored in the by-pass network..." is used to amend claim 1.

Response to Arguments

3. Applicant's arguments filed October 11, 2004, have been fully considered but they are not persuasive.

Applicant contends that "a process performed in the IN network can access a list of gateways maintained in the by-pass network ...", Remark, p. 4, para. 2. However, Specification, p. 7, ln. 29, says, "The IN maintains a list of the gateways"

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
